AN07T6510, Notice#1

Question #1: The schematic diagram does not contain component value, please submit Parts list.
Ans: Please have the parts list.

Question #2: The Theory of Operation in the filing only serves Block Diagram function. Please resubmit Theory of Operation to include "a brief description of the circuit functions of teh device along with a statement describing how the device operates".
Ans:Please have the revised OpDes.

Question #3: A minor discrepancy on the test report : Dwell Time DH5, 2480MHz, the plot shows 2.975ms, but the calculation is based on 2.93ms.
Ans: The test report had been revised, please see the attachment.

Best Regards,
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
